## **Endorsement Pathways**

The endorsement pathways listed below are for illustration purposes. Students do not need to take every course listed under each sequence, nor are these prescribed sequences for students – these are recommended sequences only. There are *many* options in each endorsement and in each pathway. The default graduation plan for all FISD students leads to the Distinguished Level of Achievement, which requires Alg. II to be in the math sequence of the student's endorsement plan.

ARTS & HUMANITIES ENDORSEMENT Unless noted, this endorsement can be earned with 4 credits in a coherent sequence. Please view the FISD Course Catalog for prerequisites and other specifics.
