### **BACKGROUND**

Frisco ISD educates more than 66,000 students in 12 high schools, 17 middle schools, 43 elementary schools and 3 special programs schools. The District's service area is roughly 30 miles north of Dallas, Texas, and encompasses 75 square miles in Collin and Denton counties, including the City of Frisco and portions of neighboring Plano, McKinney and Little Elm. FISD has over eight thousand employees. A map of [FISD schools and facilities](#) is available on the website.

Students in FISD are served more than 48,000 healthy meals and meal equivalents daily by award-winning Child Nutrition Program employees. Child Nutrition's leadership team have successfully completed state and nationally approved certification classes in nutrition education, culinary education, administration, communication, operations, marketing, training and food safety. Staff work with educators to help students learn about nutrition and exercise as part of a life-long healthy lifestyle. The Department is self-supported by meals and items sold in cafeterias. The Child Nutrition team continue to explore new programs, initiatives, and/or strategies to best support the high-quality services they provide.

### **SCOPE OF WORK**

This Request for Proposal covers a wide range of equipment and services needed to maintain operations for the Child Nutrition Program. See below for the scope of work for the items covered on this RFP.

*Inspection and Cleaning of Kitchen Hood, Floors, and Floor Drains*

Frisco ISD intends to pre-qualify and select vendor(s) to provide inspection and cleaning of kitchen vent hoods, floors and drains to all Frisco ISD Child Nutrition Program kitchen facilities (approximately 74 or more schools) on a scheduled and as needed basis. The District is seeking a vendor that can complete a bundle package of inspection and cleaning of kitchen hood, floors, and floor drains at the Frisco ISD schools as this is a cost saving measure for the District. **FOR SCOPE OF WORK GO TO ATTACHMENTS TAB AND CLICK THE DOCUMENT "SCOPE OF WORK – INSPECTION AND CLEANING OF KITCHEN HOOD, FLOORS AND FLOOR DRAINS"**

*Kitchen and Warehouse Equipment (including catering vehicle(s))*

Frisco ISD has established a District standard and is requesting proposals for equipment that meets or exceeds the District's current standard. Please note the line items are meant to be descriptive, not restrictive, and bids on brands or equivalent nature and quality will be considered. For purposes of describing equivalency, Frisco ISD encourages vendors to include a detailed product comparison in your bid submittal, such as an Excel spreadsheet, comparing the specifications for the alternate product proposed vs. the specified product. This spreadsheet or other justification literature can be uploaded prior to bid submittal - refer to the "Response Attachments" tab. Failure to provide a detailed product comparison in your bid submittal may result in Frisco ISD deeming the alternative product proposed to not be of the same quality of the specified product. If the bidder fails to identify the manufacturer, brand, model, etc. for any item being bid on, Frisco ISD will assume the vendor is bidding on the exact brand and model identified in the specifications, and if awarded, the vendor will be required to furnish the exact brand, model, etc. as specified. After award, substitutions will not be allowed.

ALL AWARDED PRICING MUST REMAIN FIRM FOR THE DURATION OF EACH BID YEAR. All requests for price changes thereafter shall be in written form within (90) ninety calendar days advance of RENEWAL, and shall include documents supporting price changes. Supporting documents include, but are not limited to, manufacturer's direct cost, fuel charge rates, railroad commission rates, federal/state minimum wage laws, federal/state unemployment taxes, FICA, etc. Pricing increase must be approved by the FISD Purchasing Department and will go into effect 90 days from the date it is received.

This RFP is a competitive solicitation issued in accordance with TEC 44.031 and the Texas Department of Agriculture's Administrative Reference Manual. The solicitation complies with 2 CFR 200 through 2 CFR 400. All procurement activities are conducted in a manner that provides maximum full and open competition per federal and state laws and local policies and procedures.

To reiterate, an award or qualification from this solicitation is not a contract. Purchases will be made by approved purchase order only. A valid purchase order and the Frisco ISD Standard Attributes, Certifications, and Terms & Conditions constitute the entirety of a vendor's contract with Frisco ISD. The Standard Attributes document is an attachment to this solicitation and must be completed in its entirety. It must be signed and attached to your response in the Response Attachments tab.

NO PRODUCTS OR SERVICES SHOULD BE PROVIDED BEFORE THE VENDOR RECEIVES A PURCHASE ORDER.

## **SPECIFIC EQUIPMENT AND SERVICES REQUESTED IN THIS SOLICITATION**

Line item pricing is requested in this RFP. A vendor who proposes to this RFP must supply line item pricing in the format requested in this RFP.

Delivery costs should be considered when proposers develop their line-item prices. Frisco ISD may structure a bid with several "Pricing Areas" to allow for fair and open competition between large and small companies. Vendor's must have the ability to reach all Frisco ISD facilities in the Service Area. Awarded Vendor(s) shall deliver the goods or services procured on this contract/agreement to Frisco ISD department issuing a purchase order. If delivery

cannot be made within the proper time, the awarded vendor must receive authorization from the issuing department for the delayed delivery. Frisco ISD shall have the right to inspect the goods at delivery before accepting them. If defective, incorrect, or items not meeting specification are delivered, Frisco ISD may make the determination, in its sole discretion, to return the good(s) to the vendor at no cost to Frisco ISD. The vendor shall be responsible for arranging the return of defective or incorrect good(s). The vendor agrees to pay all shipping and handling costs for any such return shipment. If goods are not picked up within one (1) week after notification, the good(s) will become a donation to Frisco ISD. Vendor shall ship/deliver ordered products within seven (7) working days for available goods and within four (4) to six (6) weeks for special-order items after the receipt of the purchase order unless otherwise previously agreed to, in writing, by Frisco ISD. If a product cannot be shipped/delivered within that time frame, Vendor shall notify Frisco ISD of the reasons why the product has not shipped and shall provide an estimated shipping/delivery date, if applicable. Frisco ISD may cancel the order if the estimated shipping/delivery time is not acceptable. Consistent failure of a Vendor to meet delivery promises without a valid reason is cause for termination of contract. Vendors may be requested to "hot shot" deliver products if failure to deliver ordered products is the fault of the vendor. "Hot shot" deliveries must be handled within a 24-hour period of the original delivery time. Vendor and/or sales agents acting on the Vendors behalf shall give 72-hour prior notice to the ordering entity of any anticipated shortages, back orders, and/or out-of-stock items prior to delivery. The Vendor must keep the ordering entity always informed on the status of the order. Default in promised delivery, without acceptable reason, authorizes Frisco ISD to purchase goods elsewhere, and charge any increase in cost and handling to the defaulting Vendor. Frisco ISD accepts no substitutions without prior written approval.

- a. Vendors must notify Frisco ISD of any known shortages, back orders, or out-of-stock items, etc. that could affect multiple ordering entities for any extended period.
- b. If Vendor fails to notify Frisco ISD of a shortage, Vendor must deliver a comparable product on the same day of scheduled delivery or next day to prevent any hardship or an inability to meet meal pattern guidelines.
- c. Vendors may not substitute a product that does not meet the Buy American Provision. If a non-domestic substitution is made without a 72-hour notice to Frisco ISD, the contractor will be considered in breach of the awarded contract and may incur penalties as described in the Terms and Conditions.

Vendor shall provide timely and accurate technical advice and sales support to the Frisco ISD. Vendors must provide an assigned Sales Rep(s) to the awarded contract and a direct phone number. General "800" numbers will not be accepted. Response time must be within a 24-hour window unless during a holiday closure.

Specifications may be those developed by the Frisco ISD to represent items of regularly manufactured products or services.

- a. These specifications have been developed to show minimal standards as to the usage, materials, and contents based on their needs.
- b. Manufacturer's specifications, when used by Frisco ISD are to be considered informative to give the bidder information as to the type and kind requested. Proposals on any reputable manufacturers regularly produced product of such items similar and substantially equivalent will be considered.
- c. If any conflict exists, the written product specification will override any referenced/recommended brand.

Compliance with all specifications and conditions is required. Frisco ISD will create a list of

forecasted products and/or services and make an independent cost analysis of the value of goods and/or services in the current market before receiving bids or proposals. The estimated contract value is listed in a separate attachment in this solicitation to indicate the scope of business to proposing vendors. After the Frisco ISD receives bids and proposals, but before awarding a contract, the District will also conduct a price or cost comparison to the cost analysis to ensure fair and competitive pricing has been offered.

### **ESTIMATED QUANTITIES**

Frisco ISD does their best to represent accurate quantities, but some items may see higher or lower volume purchasing depending on but not limited to continued Federal Funding to school nutrition programs, manufacturer production issues, external forces such as weather or school closures or other causes that may create a lag or increase in purchasing. The good(s) and/or service(s) to be purchased under an issued purchase order, if any, may be of indefinite delivery and indefinite quantity (IDIQ). The listed items are commonly acquired items. Frisco ISD makes no guarantee or commitment of any kind concerning quantities that will be purchased. Frisco ISD makes no guarantee or commitment of any kind regarding contracts resulting from this solicitation. Quantities specified are per unit of measure listed in the proposal solicitation. Estimated quantities of each product and/or service are provided in this solicitation are as accurate as possible based on planned needs.

Submitted pricing and other evaluation criteria will be used to determine the best value for Frisco ISD.

**\*\*\*The District reserves the right to increase the quantities stated in this RFP by up to 10% annually to meet the needs of the District as the number of Frisco ISD students and schools increase.**

### **ALTERNATES**

In addition to the products formally listed in the RFP, the District highly encourages vendors to submit alternate products for consideration that may differ slightly from a product listed in the RFP at a firm price for the length of the RFP/Contract term. You may propose an alternate product when submitting your proposal by clicking "add alternate found on each line item on the "Line Items" tab. IF NO MENTION IS MADE BY THE BIDDER OF PROPOSING A SUBSTITUTE OR ALTERNATIVE, FRISCO ISD WILL ASSUME THAT THE ITEM SPECIFIED IS TO BE FURNISHED AND A PURCHASE ORDER WILL BE MADE ACCORDINGLY.

### **EQUIVALENCY CLAUSE**

Per CFR Title 2 Chapter 2, Part 200 Subpart D Competition, procurement transactions must "Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product, or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if possible. When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a "brand name or equivalent" description may be used to define the performance or other salient requirements of procurement. (CFR 200.319).

## **EVALUATION PROCEDURE & CRITERIA**

**\*\* FISD Purchasing Department at its sole discretion is authorized to determine if a vendor is responsive and/or within the scope of this solicitation.**

The evaluation of proposals(s) will be conducted by a Committee composed of members from Frisco ISD based on position and expertise. Frisco ISD reserves the right to add, delete or substitute members of the Evaluation Committee as it deems necessary. A minimum of three (3) staff members will review responses and make recommendations to the Frisco ISD Board of Trustees for final approval.

**COMPETITIVE RANGE:** It may be necessary for Frisco ISD to establish a competitive range of acceptable proposals as part of the evaluation process. Proposals not in the competitive range are unacceptable and will not receive further award consideration.

Per U.S. Department of Agriculture and Texas Department of Agriculture mandate cost will be a heavily weighted consideration. TEC 44.031(b) lists evaluation criteria that must be considered. These are stated below.

Time of delivery is part of the proposal consideration, must be stated in definite terms, and must be adhered to completely. Proposals must show the number of calendar days required to place the materials in possession of Frisco ISD. Do not quote shipping dates. Failure to specify the lead-time may result in disqualification from consideration. Unrealistic short or long delivery promises may cause the bid to be disregarded.
5. **The vendors' past relationship with the district.** (0 points)
6. **The impact on the ability of the districts to comply with laws and rules relating to historically underutilized businesses.** (0 points)
7. **The total long-term cost to the district to acquire the vendor's goods or services.** (10 points)
8. **For a contract for goods and services, materials, whether the vendor or the vendor's ultimate parent company or majority owner? (A) Has its principal place of business in the State of Texas; or (B) Employs at least 500 persons in the State of Texas.** (0 points)
9. **Any other relevant factors.** (0 points)

In case of tie proposals, the award will be made in accordance with Local Government Code 271.901 and Government Code 2252.001 - 2252.004. (NON-RESIDENT BIDDERS). Consistent and continued tie bidding could cause rejection of the bids by FISD and/or investigation for antitrust violations.

- 3. SAFETY.** The safety of Frisco ISD students, staff, and facilities is of utmost importance to the District. Vendors must comply fully with all applicable federal, state, and local safety and health laws, ordinances, rules, and regulations when providing goods and/or services to Frisco ISD. When more than one safety regulation governs a situation, the most restrictive requirement applies.
- 4. W-9.** To receive payment under this contract, the vendor (approved) shall have a current I.R.S Tax Identification Number and W-9 Form on file with Frisco ISD Purchasing Department. A signed, current and accurate W-9 form must be submitted to Frisco ISD. A W-9 three years old or more will not be accepted.

The Texas Ethics Commission has adopted rules requiring the business entity to file Form 1295 electronically with the Commission.
